

Personality Type Project

Now that you have researched your personality type, I want you to create a poster about that trait. You need to use Microsoft Publisher for your poster.

On your poster, you must include:

1. Your Name
2. Your Personality Type
3. A picture of you
4. 3 positive traits about your personality
5. Your favorite famous person with the same personality type as you (Fiction or Non-Fiction). Include a picture of the person and their name.
6. At least 2 other interesting facts about your personality type. (This could be what type of job best fits your type, learning style for your type, etc...)
7. Make sure you use a border and background color for your poster as well as color pictures.

Here is an example, You can change the format to anyway you see fit. BE CREATIVE WITH IT!

When you are done, save on your student # and google drive as Personality Poster.
